

OVER 250 YEARS OF DISCOVERY

2008 marked the 250th anniversary of the foundation of Cox & Kings, the longest established travel company in the world.

The company's history stretches back to 25th May 1758 when Richard Cox was appointed as regimental agent to the Foot Guards by his mentor, Lord Ligonier, the Commanding Officer of His Majesty's Armed Forces.

The role of agent included the arrangement of payment of officers and men, the provision of clothing, acting as a go-between for the buying and selling of officers' commissions, and acting upon any special requests from the regimental adjutant.

Regimental agents did not have a very good reputation before Cox, but such was his honesty, reliability and organisational ability that he made it a respectable business and Cox & Co soon became the agent for the majority of British

regiments. By the end of the 18th century the company served 14 cavalry, 64 infantry and 17 militia regiments. The company's business grew hand in hand with the British Empire, becoming involved in banking and shipping in addition to its other agency activities.

In the late 19th century, Henry S. King & Co was a rival bank and shipping agency, started by Henry Samuel King in 1868 and subsequently run for over 45 years by his son, Henry Seymour King, an MP and renowned mountaineer. The company had particularly strong links with India. After the First World War the two companies merged as Cox's & King's and moved into grand premises on Pall Mall (now the site of the Sofitel St James Hotel). In 1923 the business was sold to Lloyds Bank and whilst the banking arm stayed with Lloyds (becoming the Cox & Kings branch, as it is still known), the shipping agency became a separate company, running tours and organising

the passage of people and their belongings around the world, notably to Egypt, India and South Asia.

In 1970, Cox & Kings Agency was bought by Grindlays Bank as part of a deal with Indian Prime Minister, Indira Gandhi, to develop tourism into the country, and so the modern history of the company began.

Cox & Kings has built on the tradition of high quality service and attention to detail established by Richard Cox over 250 years ago and it now provides travel arrangements of the highest calibre in many of the most culturally and naturally fascinating parts of the world. The company has extended its expertise to cover the Indian Subcontinent, Latin America, Africa, the Middle East, the Far East, Europe and Australia & New Zealand.

THE BENEFITS

Cox & Kings is an independent tour operator organising holidays to some of the most fascinating parts of the world. To do justice to these regions we publish separate specialist brochures and retain separate specialist teams of experts. Here are just some of the benefits of choosing to travel to the Far East with Cox & Kings:

EXPERTS TO THE FAR EAST

Organising Travel Since 1758 - Our history gives us unrivalled experience at organising travel to even the most challenging corners of the world.

Dedicated Team of Far East Experts - Cox & Kings' Far East Tour Consultants have all travelled extensively in the region and offer you a vast collective bank of expert knowledge. Whether you are planning to join a brochure tour or design a private tailor-made journey, you can travel with the reassurance that your itinerary will have been fully considered by a regional specialist.

The Best Representatives Throughout the Far East - Over the years Cox & Kings has sought out and developed working relationships with the very finest specialist local agents in the Far East. These are all companies who have a detailed knowledge of their own country, a comprehensive network of local representatives,

an understanding of Cox & Kings' standards and, not least, an appreciation of the expectations of those who travel with us.

EXCELLENT VALUE

Low Price Policy - Cox & Kings does not believe that you should pay a premium for excellent service and outstanding holidays. It is our policy to keep our prices as low as possible and, thereby, to make our holidays available to as many people as possible.

Buying Power - Cox & Kings' low price policy is made possible through buying power established over many years and long-standing relationships in the travel industry generated by the network of associated Cox & Kings companies worldwide. As a result, Cox & Kings is able to contract flights, hotels and ground services at highly competitive rates.

Comparing Like With Like - By its nature, high quality long haul travel is not cheap, and when looking at the various holidays on the market it can seem as if there is a big difference in price between what on the surface are similar holidays. Therefore, when weighing up holiday options it is important to compare like with like and we are confident that our tours represent excellent value for money when the standard of

accommodation, airline and other services are taken into account.

HIGH QUALITY SERVICE

Services of the London Office - In addition to the expertise of your personal Tour Consultant, Cox & Kings aims to provide the highest levels of customer care, from your initial enquiry, through to the detailed itineraries and tour notes sent to you prior to departure and, finally, answering any queries you may have when you return from your travels.

Personal Service in the Far East - Whether you are part of an Escorted Group or travelling on a Private Journey you will be met at each airport, train station or quay along the way, you will be transferred to and from your hotel and you will have the details of your itinerary explained to you, unless stated otherwise. Almost all Cox & Kings groups also benefit from the services of a local English-speaking Tour Manager who accompanies the group throughout their stay in the Far East. All Cox & Kings travellers are in the capable hands of someone who can inform and, if necessary, smooth any wrinkles along the way.

Expert Local Guides - Cox & Kings uses the services of specially chosen local guides who really know their subject and can bring places to

Pagan, Burma

life. In addition to providing relevant background information, as detailed or general as you like, they can also explain the local way of life, customs and issues in a way that guide books never can.

HOLIDAY PROTECTION & GUARANTEED STANDARDS OF EXCELLENCE

ATOL Protection - Cox & Kings is a fully bonded and licensed tour operator and the air holidays in this brochure are ATOL protected by the bonding scheme administered by the Civil Aviation Authority (CAA). Our ATOL number is 2815. For more information about the protection offered by the CAA, please visit www.caa.co.uk.

ABTA - Cox & Kings is a member of ABTA, the Association of British Travel Agents. For more information about ABTA and its members, please visit www.abta.com.

Foreign & Commonwealth Office Advice - Cox & Kings receives a great deal of information about conditions on the ground from its local representatives. However, when deciding whether particular countries or regions are safe for travel, the final decision is dependent on the guidance of the British Foreign & Commonwealth Office (FCO). If you would like to know the current travel advice for any country you can visit www.fco.gov.uk or call 0870 606 0290.

Responsible Tourism - Cox & Kings has been

awarded 5-Stars by AITO - their highest Responsible Tourism rating. This means that Cox & Kings has successfully implemented and continually improved a Responsible Tourism policy and has also undertaken a specific project, which contributes to the economy, culture or environment of a destination. In Cox & Kings' case this was the raising of funds and awareness for the Magic Bus charity - please visit www.magicbusindia.org.

Carbon Responsible - We encourage those who travel with Cox & Kings to offset their carbon emissions via Carbon Responsible. To calculate the cost of offsetting the impact of your flight please visit the website link below to access the Cox & Kings scheme and use the carbon emissions calculator: www.carbonresponsible.com/coxandkings. Cox & Kings offsets all carbon emissions for flights taken by our staff in the course of their work.

Cox & Kings is also a member of AITO, the Association of Independent Tour Operators, assuring you of Cox & Kings' commitment to high quality service and ethical business practises. For more information about AITO and its aims, please visit www.aito.co.uk.

THE AITO QUALITY CHARTER

AITO is an association of independently minded companies specialising in particular areas or types of holiday and sharing a common dedication to high standards of quality and personal service. AITO defines 'quality' as "providing a level of satisfaction which, based upon the holiday information provided by the tour operator, aims to meet or exceed a customer's reasonable satisfaction, regardless of the type of holiday sold or the price paid".
The Association Of Independent Tour Operators

Accurate Brochures: AITO members ensure that their brochures clearly and accurately describe the holidays and services offered.

Product Improvements: AITO members listen to their customers and welcome suggestions for improving standards. All customers receive a post-holiday questionnaire.

Professional Service: AITO members are committed to high standards of personal service, maintained by the thorough training of employees.

Financial Security: AITO takes care to ensure that all members comply with current UK Government Regulations regarding the protection of clients' money.

Exclusive Membership: AITO has strict membership criteria that must be satisfied before new companies are allowed to join. All members must adhere to a rigorous Code of Business Practice that governs their operational conduct.

Environmental Issues: AITO is committed to raising the level of environmental awareness within the industry.

In the unlikely event that a dispute between an AITO member and customer cannot be resolved amicably, AITO's low cost Independent Dispute Settlement Service may be called upon by either side to bring the matter to a speedy and acceptable conclusion.

COX & KINGS HOLIDAYS

There are four different types of Cox & Kings holidays: Escorted Groups, Private Journeys, Tailor-Made and Relax & Explore. Below, we differentiate between the four. Please bear in mind that almost all Escorted Group itineraries may also be taken as Private Journeys and the prices for this option are shown in the bottom sections of the price tables. If you are unsure about which category a particular holiday fits into please refer to the 'key features' of the tour just below the title – if it states "Escorted Group or Private Journey" then the tour may be taken as either; however, if it simply states "Private Journey" there are no set group departures for this tour. In a few cases an Escorted Group tour may not be exclusive to Cox & Kings' clients and in such cases the term "Non-Exclusive Escorted Group" will be included in the key features.

ESCORTED GROUPS

All Cox & Kings Escorted Groups benefit from the following features:

Tour Manager: Cox & Kings' Tour Managers are carefully selected for their travel experience and organisational abilities. Your Tour Manager will meet your group on arrival in the Far East and will escort you throughout your journey (unless otherwise specified).

Expert Local Guides: On most tours, in addition to the services of the Tour Manager, Cox & Kings' Escorted Groups also benefit from the knowledge of local guides who accompany each excursion. In some cases, where appropriate, the Tour Manager will also act as the local guide. Where possible, your entrance fees are included in the holiday price.

Airport Representatives: For all group departures from London Heathrow or Gatwick, a Cox & Kings representative is available to assist with check-in and any seat requests that you may have during the main check-in period.

Scheduled Flights: Cox & Kings only uses the services of scheduled airlines for international and almost all internal flights. All prices are based on economy class flights, however Cox & Kings offers excellent upgrade rates on international sectors and regional connections if required and details of these are shown on the tour pages. Flight schedules to, from and within the Far East mean that some early morning departures or arrivals may be unavoidable.

Comfortable Land Travel: For road journeys, Cox & Kings uses air-conditioned buses of a size

Orang utan, Borneo

appropriate to the size of the group. On railway journeys, for all countries except Japan, groups are booked in the best class on the train.

First Class Accommodation: The standard and style of accommodation varies from place to place and tour to tour, however, Cox & Kings generally uses first class 4 or 5 star hotels, or the best available, on all its tours.

Small Group Sizes: To enhance your enjoyment of the tour, we like to keep our groups small and manageable. Therefore, numbers are normally restricted to a maximum of 25.

PRIVATE JOURNEYS

Almost all Escorted Groups may be taken as Private Journeys and some of the tours in this brochure are only available as Private Journeys - to check which category a particular tour falls into please see the key features of the tour just below the title. Private Journeys are taken by one or more passengers on the date of their choosing, subject to schedules and availability*. These tours operate exactly as per Escorted Groups except that there is no airport representation in the UK and rather than being accompanied throughout by a Tour Manager, travellers are locally escorted in each city/destination. In addition to the services they

have in common with Escorted Groups, Private Journeys offer the following benefits:

Support on the Ground: On arrival in most Far East destinations and at each new place on your journey you will be met at the airport, station or quay by a Cox & Kings representative**. This representative will accompany you to your hotel, help with your check-in and confirm the itinerary for your stay. You will be given the contact numbers of all the relevant Cox & Kings local representatives, so assistance is only ever a phone call away.

Transfers by Car: For almost all road journeys you will have your own car or mini-van and driver**. This allows you to travel in comfort and to stop off along the way if you see something of interest, want to take a photograph, or stop for a break. Most cars used on Cox & Kings' Private Journeys are air-conditioned but you will be told in advance if air-conditioned cars are not available for any section of your journey.

Private Guides: Almost all sightseeing excursions are accompanied by your own private English-speaking local guide**. This means that you can ask as many or as few questions as you like and take sightseeing trips at your own pace, with the emphasis on your own particular interests.

Accommodation Flexibility: If you would like to stay in any hotels other than those featured in the tour itinerary, or if you would like to upgrade the standard of your room, this can easily be arranged and you will be informed of the difference in price.

Travel At Your Own Pace: Private Journeys are very flexible, allowing you to start road journeys or sightseeing when you choose - within reason.

Cruises: Please note that whilst the cruises in this brochure are described as Private Journeys, the transfers and excursions relevant to that cruise are operated on a group basis with other passengers who may or may not be Cox & Kings clients.

* Important Note: Cox & Kings cannot hold allocations for all Private Journey services all year round and, as a result, all the services are subject to availability. If any element of a Private Journey is not available at the time of booking, Cox & Kings will suggest the most comparable available alternative.

** Private Travel in Japan, South Korea & Taiwan: Due to the very high cost of private guides

and drivers in Japan, South Korea and Taiwan, Cox & Kings' Private Journeys there do not always include private transfers or sightseeing excursions. Instead, excursions for private visitors to Japan, South Korea and Taiwan may be on a 'seat-in-bus' basis, along with other visitors, not necessarily booked through Cox & Kings. On arrival in Japan visitors may not be met at the airport, but they will be given instructions for where to meet the regular shuttle bus to their hotel or shown to the platform for their train to a railway station in the city. If a taxi journey is required from the station to the hotel, the holiday cost would normally include the taxi fare or the approximate fare will be advised. If you would like the services of private guides and drivers in these destinations, and you are prepared for the high costs involved, it is recommended that you book a Tailor-Made holiday.

TAILOR-MADE JOURNEYS

For those who prefer to travel at their own pace or to explore places not included in the brochure itineraries, Cox & Kings has years of experience at organising Tailor-Made holidays to the Far East. Our expert Tour Consultants will be pleased to suggest ideas to complement your own and to organise the most appropriate programme to suit your interests, time and budget. Tailor-Made Journeys operate on exactly the same basis as Private Journeys.

RELAX & EXPLORE

Relax & Explore is a collection of tailor-made travel ideas for those seeking to combine the thrill of discovery with the simple pleasure of relaxing in stylish surroundings. Based in just one, or sometimes two places, each of the featured escapes offers an array of 'experience' options, whether cultural or natural, active or sedate. In addition to the ideas in this brochure, there is a separate Cox & Kings Relax & Explore brochure covering all destinations.

"LUXURY" & "DISCOVERY" TOURS

Most Cox & Kings tours are based on 5 or 4 star accommodation, or the best available. Where a holiday differs from that standard significantly, either because it is particularly luxurious or more 'adventurous' in emphasis, we have highlighted this fact by applying the terms Luxury Tour and Discovery Tour immediately below the tour title. A Luxury Tour will usually feature 5 star de luxe accommodation throughout, whilst a Discovery Tour would be better suited to the more adventurous-spirited traveller as it will typically include some quite basic accommodation, possibly longer and rougher road journeys and in some cases more adventurous activities, such as trekking. On some tours we have designated particular departure dates as Luxury Departures. This means that on those departures we have upgraded the accommodation to the standard you would expect

of a Luxury Tour. These tours include the phrase "Includes Luxury Departures" immediately below the tour title. Please refer to www.coxandkings.co.uk for more information about the standards and facilities offered by all the hotels featured in this brochure.

HOLIDAY EXTENSIONS

Cox & Kings is happy to arrange for you to extend your stay in the Far East. We have suggested possible extension options for most of the tours in this brochure; however, our specialist consultants would also be delighted to design a tailor-made extension, either pre or post tour, to fit in with your particular interests. Group tour extensions are operated on the same basis as Private Journeys unless other members of the main tour group choose to take the same extension, in which case the relevant services may be shared.

WHEN TO TRAVEL

The changing climate can have a major impact on the timing of trips to the Far East and page 96 has detailed charts showing temperature and rainfall in the various regions. These climate charts are based on historic data and in a world of increasingly changeable weather they should be regarded as indicative of typical conditions rather than guarantees of what you should expect at particular times of year. The Far East is also well known for its festivals. If you are interested in visiting a particular celebration please contact a Cox & Kings Tour Consultant for dates. Some Cox & Kings tours have special festival departures and these are highlighted on the tour page.

Reclining Buddha, Vientiane

COMBINING MULTIPLE REGIONS

Should you wish to combine multiple regions of the world in a single journey Cox & Kings has a great deal of experience at tailor-making such travel plans, including arranging round-the-world flights. Please contact us for details of the various options and a price quotation.

ACCOMMODATION

There is not room to describe all the hotels in this brochure in detail; however, many of the best and most interesting properties are described and depicted in the Hotel Portfolio sections, and the grading and facilities of all the hotels are listed on our website at www.coxandkings.co.uk.

REGIONAL AIR CONNECTIONS & FLIGHT UPGRADES

Most Cox & Kings holidays are based on flights out of London's Heathrow or Gatwick airports; however, in most cases it is possible to connect with those flights from regional British airports for a small supplement. In addition, Cox & Kings can offer very favourable prices for upgrading to premium economy and business classes. For many holidays this supplement information is included on the tour page. However, where space does not allow this you can refer to another tour that features the same international airline to find the applicable supplement prices.

SINGLE & SOLE SUPPLEMENTS

Most hotels round the world charge more per person for a single-occupancy room than for a shared twin room because the cost of maintaining a room for one person can be almost as high as it is for two. In addition, many single-occupancy rooms are the same as twin / double rooms. Most of the price tables in this brochure indicate supplementary charges for single or sole passengers. The difference in definition between the two supplements is that a 'Single' traveller is someone occupying a single room whilst travelling with one or more other people, whilst a 'Sole' traveller is someone travelling on their own. If you are planning to travel on a group tour as a single traveller you should look at the 'Single Supplement' price. However, if you are planning to add an extension to that tour you should read down the 'Sole Supplement' column and these prices take into account the fact that you are 'Sole' on the extension section only.

IMPORTANT NOTE

When making a booking, if you feel that there is anything Cox & Kings should know about that is essential to your enjoyment of your holiday, please ensure that we have been made aware of this in writing at the time of booking, preferably on the Reservation Form itself (see page 82).

FLYING IN STYLE

Your Choice of Scheduled Airlines: It is Cox & Kings' policy only to use scheduled flights on airlines with strong reputations for service, reliability and punctuality. Our holidays to the Indian Subcontinent feature a number of world-class airlines and on these pages we have highlighted seven of the best, and the different services they offer.

Stretch Out: On long haul flights, a little extra room can make a big difference to your comfort, and Cox & Kings offers a range of upgrade options at great prices. In addition, the faster check-in and comfortable lounges available to most upgrading passengers allow you to pass through the airport with ease.

Regional Connections: Cox & Kings offers excellent add-on prices for those wishing to connect to long haul flights from regional UK airports. For further information please either refer to the table beside the price grid applicable to your tour, or contact your Cox & Kings Tour Consultant.

British Airways flies from Heathrow non-stop to Beijing, Shanghai, Hong Kong, Tokyo, Bangkok and Singapore. With most British Airways tickets you can check in online or at the Check-in kiosk, print your boarding pass, and take your luggage to the Fast Bag Drop desk.
