Free Options

We will hold off your chosen option to give you time to confirm details and collect deposits.

Regional departure airports

If your group is spread across the country we can organise different regional departure airports from the UK. And as long as you're travelling on the same date to the same resort you'll still qualify for all of our group discounts

We'll do the running around for you

If it's more convenient, we can call each group member individually to take payment when it's due, but only with the permission of the group leader.

Rooming lists in advance

We'll send you a rooming list to allocate your groups rooms in advance for hassle free arrival.

Group Dining

We can reserve seating for you in all catered accommodation so that your group can sit and dine together.

Your customised group price

We realise this may not always be the most suitable or cost effective deal for your group so if you would rather have other things such as free lift passes or private taxis to resort included in the price, just let us know when you call.

Confirming your group ski holiday

We know you need some time to get everybody's details and deposits together so, we can hold your group's accommodation and flight seats while you gather this information (this applies to charter flight seats only). At the booking stage, all we need is a deposit for each person travelling. The amount is £129 per person for charter flights (including children). Full payment for your holiday is due 10 weeks before departure.
